Application No: Pre.2014.79

Dear Dr De Martino

Inferring Intentions Under Uncertainty

The Cambridge Psychology Research Ethics Committee has given ethical approval to your research project: Inferring Intentions Under Uncertainty, as set out in your revised application dated 4 August 2014.

The Committee attaches certain standard conditions to all ethical approvals. These are:

- (a) that if the staff conducting the research should change, any new staff should read the application submitted to the Committee for ethical approval and this letter (and any subsequent letter concerning this application for ethical approval);
- (b) that if the procedures used in the research project should change or the project itself should be changed, you should consider whether it is necessary to submit a further application for any modified or additional procedures to be approved;
- (c) that if the employment or departmental affiliation of the staff should change, you should notify us of that fact.

Members of the Committee also ask that you inform them should you encounter any unexpected ethical issues.

If you will let me know that you are able to accept these conditions, I will record that you have been given ethical approval.

Yours sincerely

pp K S Douglas
